Founded in 1998, Segal Trials was created as a division of Compass Health Systems, a 25-year old behavioral health care group practice. Comprised of 7 different sites in South Florida and South Carolina, Segal Trials is currently conducting Phase I-IV research trials and specializes in:

- Psychiatry
- Neurology
- Addiction
- General Medicine
- Women's Health

A 80-plus staff of full-time Principal Investigators, sub-investigators, coordinators, research assistants and Master's-and Doctorate-level raters conducts clinical trials in out-patient, inpatient, nursing homes, and sleep laboratories.

PSYCHIATRY EXPERIENCE

AREAS OF CONCENTRATION:

- ADHD (Pediatric, Adolescent & Adult)
- Anxiety Disorders
- Bipolar Disorder
- Depression
- Personality Disorders
- Eating Disorders
- Schizoaffective Disorder
- Schizophrenia
- Tardive Dyskinesia
- Trichotillomania (hair pulling)

OUR HIGHLY QUALIFIED PRINCIPAL INVESTIGATORS HAVE CONDUCTED OVER:

- 371 Schizophrenia trials
- 129 Bipolar Disorder trials
- 167 Depression trials
- 30 Anxiety Disorder trials
- 67 ADHD trials

Our South Florida PIs are able to conduct psychiatric research studies involving pediatric, adolescent, adult, and geriatric patients in most settings. A team of sub-investigators, including psychiatrists and internists, support Segal Trials' Principal Investigators in each of our locations.

In addition to our South Florida sites, Segal Trials is able to conduct psychiatric studies at both of our research offices in Charleston, South Carolina. Our Charleston team has conducted both inpatient and outpatient CNS clinical trials since 2005.
