TODD MORONGELL

DIRECTOR OF COMMUNITY OUTREACH

SEGALTrials.com

Todd Morongell received his Associates of Science in Nursing in 1995 and since that time he has worked as a Registered Nurse specializing in acute psychiatry and chemical dependency in various South Florida psychiatric emergency units, including Memorial Regional Hospital, Fair Oaks Pavilion and Imperial Point Medical Center (tertiary hospitals with psychiatric units). Shortly after staff nursing, Todd was promoted to nursing administration for two psychiatric hospitals. Included in his nursing administrative roles, Todd worked as Director of Admissions, Director of Utilization Review and Nursing Supervisor for area psychiatric and chemical dependency facilities.

Todd also worked in Business Development and Marketing for major local psychiatric, detox and chemical dependency providers and institutions enabling him to build his network of community relationships.

Todd joined Segal Trials as a member of the outreach team in 2012 and quickly became Segal Trials Director of Community Outreach. In this role, he oversees all community outreach staff and activities along with interviewing and hiring outreach staff members. In his role, Todd ensures Segal Trials is meeting its investigator's therapeutically aligned outreach needs. He also works closely with Segal Trials Marketing Manager to ensure a smooth integration of activities from study start up until enrolment close.

Todd is also responsible for identification of targeted locations for the mobile prescreening unit and identifying the appropriate outreach staff needed to recruit specific and diverse populations. Todd continuously interfaces with the Segal Trials Rater Supervisor, Operations Manager, rater team and prescreening team and call center team to ensure proper patient selection and he makes modifications based on team's feedback.
Todd also conducts Quality Assurance checks of various Segal Trials marketing team members such as mystery calling to ensure the team is not only providing excellent customer service but is also offering all enrolling studies.
